Six-year-old boy's life saved by classmates and CPR given by teacher and nurse

By Debbie Dennie, Editor

Quick response and emergency measures are credited with saving the life of a six-year-old student at Southern Elementary.

Adam White was released from Children's Hospital on Thursday, October 25 to return to his home in Falmouth having undergone surgery on October 24 to have a defibulator implanted for his heart. Adam was diagnosed with Hypertrophic Cardiomyopaphy, a disease that causes the heart muscle to thicken and not properly pump blood throughout the body.

"This was a medical condition that no one knew about," said his grandmother Alisha McKnew. "The doctor told us that not very many patients with this problem make it."

Adam was outside playing a game called Batman and Robin on October 19 with the other students at recess when he became very tired. He went over to a bench and sat down and then lay down on it. The other kids thought he was sleeping, but they couldn't wake him. Two classmates, Emma and Braiden, ran to get help.

Adam's teacher and the school nurse rushed to his side administering CPR until the ambulance could arrive. Once the ambulance arrived air care was called into service. Within just a very few minutes the six-year-old was in the air and being flown to Children's Hospital in Cincinnati. Aboard the helicopter a nasal tube was inserted to help him breath.

"Had it not been for the fast response, training and the school nurse and a teacher starting the CPR until the ambulance with EMTs could arrive our baby most certainly would have not made it," said a very emotional grandmother with tears in her eyes. "We want Emma and Braiden to know they saved Adam's life."

One of the concerns the family had was not knowing if Adam had any brain damage. She said, "Once the MRI was done on him and came back showing no brain damage, we felt one of our prayers had been answered.

"The doctors tell us that with this defibulator Adam should be able to lead a normal life. He will have to go back to the doctors often so they can keep a close check on it.

"Anybody that doesn't think the people in Pendleton County are very good, I want to tell them different. We are very lucky to have the quality people we have, teachers, and all of our EMTs and the air care staff. They were there for Adam and our family. Everyone worked as a team and did it quickly.

"We certainly echo the comments of the grandmother on how appreciative we are of the quick response time of our teachers, the school nurse and the EMT's," said Pendleton County School Superintendent Anthony Strong. "From the

Commander Bruce Westbrook resided over the dedication service. The Pendleton County ROTC Color Guard presented the flags.

"We are here today to honor and dedicate this bench to the best friend I ever had," Westbrook said. "He was the meanest and sneakiest character I ever knew. He served his country, his American Legion Post and his church. We all have a lot of memories to keep in our hearts."

Chris Paul played the bagpipes. "I have a feeling that Ray is looking down on us smiling today," said Paul.

"Ray had a spicey past in his younger days, but had reformed

Auditor praises school district on their efforts in 2012

At the October 18 regular meeting of the Pendleton County Board of Education, the fiscal year 2012 audit report was presented by Denise Keene, CPA from Georgetown, KY. During her report Mrs. Keene stated, "I can't begin to tell you how much things have improved since I was here last year." Mrs. Keene was referring to the state of operation in the district finance department. "I can tell you that information needed was more organized and easier for me to do my job." said Keene, "It was a welcomed breath of fresh air to be able to do the work needed in less than three weeks, when it had been taking six."

She echoed comments stated by board member Mark Ross when referring to a conversation held that day with board attorney Don Ruberg. "I received a call today from Mr. Ruberg about our superintendent. Mr. Ruberg told me that he applauded the board in making some tough decisions last year that has led to the success that was being reported by the audit report," Mr. Ross stated. Grant County man dies in farming accident Sunday

A farming accident in Pendleton County around 5:15 p.m. on Sunday, October 28 claimed the life of a Grant County man. Craig Ruber, 40, of Dry Ridge was operating a John Deere tractor on a family farm just off Lightfoot Fork Road. He was hauling a roll bale of hay across an old iron bridge over a creek when it collasped. The main beam dropped down hitting the roll bar, but the weight was too heavy to hold the beam up off of him. Ruber was pronounced dead at the scene by the Pendleton County coroner. It's believed that a tenant on the farm noticed the old bridge looked odd and went to see about it. That's when Ruber was found. The motor on the tractor was still warm and it's believed he had been trapped for 1-2 hours. The Pendleton County EMS along with the Falmouth Fire Department were dispatched to the accident scene. Air care was called but later disregarded. Photo by Kailee Workman.

ward not only financially, but instructionally. Some of the key points discussed from the audit were:

• Unqualified opinion-meaning that was the best rating possible

• General Fund Balance for 11-12 was $1,747,345 which is a $ 1.1 million increase over last year. Stating this was accomplished from better financial control.

• Revenues in excess of expenses for first time in five (5) years

• The need to review Food Service Program

After Mrs. Keene's presentation, the board members had a period of questions and answers. One question that was asked pertained to reductions in staff from the previous year and if the district office had experienced cuts vs. increases. Superintendent Strong presented to board with an update on district staff since 2010-11. The information showed that district staff had been reduced by five positions and that those reductions helped to reduce expenses by over $140,000. Board member Mark Ross thanked the superintendent and Mrs. Keene for their reports. "This will inform, the uninformed," stated Mr. Ross. Later in the agenda the board accepted the audit report.

The board also approved:

• Purchase and financing of two school buses

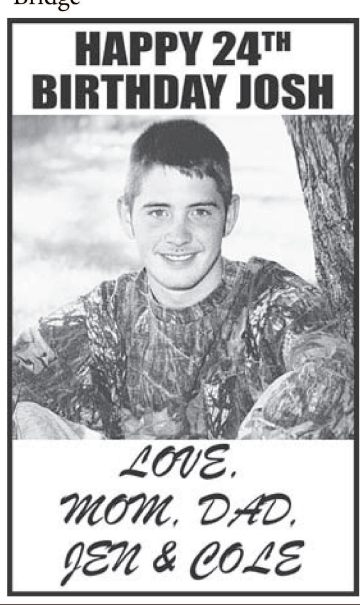

• Approved the district calendar for 2013-14

• Approved final pay application and paperwork on the Sharp Middle School paving and track project

• Set rate for bus use age for non-school groups

UK students help clean up the Licking

Students from the University of Kentucky volunteered to help clean part of the Licking River recently. Thanks to canoes supplied by Glen Thaxton Canoe Livery, the crew collected more than 60 tires and a truckload of other garbage from the river. High water hindered the project but over all it was a good afternoon of work.

Regina Pribble allowed the use of her riverfront property so the tires and trash could be taken off the river. Kentucky Department of Fish and Wildlife Officer, Sgt. Mick Craig hauled the tires and trash from the river to a staging area on Ash Run. Pendleton County Judge Executive Henry Bertram and Solid Waste Coordinator Fred Edwards made sure the items went to the recycle process.

Anyone with information about illegal dumping of tires or other items can call 859-654-1000 or the Kentucky Department of Fish and Wildlife hotline at 1-800-25A-Lert.

Thanks to all that had a hand in cleaning up one of Pendleton County's best natural resources.

OPINION

"It is error alone which needs the support of government. Truth can stand by itself."
~Thomas Jefferson

LEGISLATIVE PERSPECTIVE ON KENTUCKY GENERAL ASSEMBLY

STATE REP. TOM MCKEE

Kentucky's voters will have a chance to vote for more than just the elected offices on November 6, on the ballot; they'll also consider a constitutional amendment that would further strengthen hunting and fishing rights.

It has been a little more than two years since many of my colleagues in the Kentucky House of Representatives and I unveiled this proposed amendment, which went on to be approved overwhelmingly by the General Assembly in 2011. It had to wait until this upcoming general election, however, because constitutional amendments can only be put before voters in even-numbered years.

If other states are a guide, this amendment should have no problem at the polls. Ninety percent of Tennessee's voters gave their support for the concept in 2010, for example, while the votes in Arkansas and South Carolina that year topped 80 percent.

All told, 13 states now have this type of amendment in their constitutions, and Nebraska, Idaho and Wyoming will join Kentucky next month in trying to boost that number to 17. Although Vermont's was added in 1777, most have been approved since 1996. Not surprisingly, a wide array of hunting and fishing organizations are strong supporters of this amendment, and the National Rifle Association is as well.

States are doing this because it provides better protection of hunting and fishing rights, ensuring they are always treated uniformly across all three branches of government and local jurisdictions. Should this pass, it will have no impact on such traditional regulations as hunting seasons, permits and licenses.

Here in Kentucky, hunting, fishing and other wildlife-related activities play a major role in our economy and in protecting hundreds of thousands of irreplaceable acres.

Combined, these outdoor pursuits bring in about $3 billion a year, and they support 34,000 jobs. According to the state's Department of Fish and Wildlife Resources, they contribute more than $200 million to state and local governments annually.

There are hundreds of thousands of sportsmen and women here in Kentucky, and many more come from other states. We have about one million hunting and fishing licenses sold each year, and the department's information center fields 100,000 calls annually. More than 100,000 deer have been harvested each year since 2000, and wild turkey season is extremely popular as well, with the numbers taken totaling in the tens of thousands.

The conservation efforts funded by these outdoor activities, meanwhile, have played a crucial role in protecting the natural resources we all enjoy. It has also helped us do such things as re-stock an elk population that had withered away. Now, 15 years after these efforts began, we have the largest herd in the eastern United States.

As the election draws closer, I hope you will take the time to learn more about this amendment. Such constitutional changes are relatively rare during elections, but they are needed periodically – sometimes to take something out or, as in this case, sometimes to put something needed in. Since 1891, when our current constitution was written, there have been 78 amendments put before the voters, with 40 passing.

To make sure you have the time to understand this question, here is the text of the amendment as it will appear on the ballot on November 6:

"The citizens of Kentucky have the personal right to hunt, fish, and harvest wildlife, using traditional methods, subject only to statutes enacted by the Legislature, and to administrative regulations adopted by the designated state agency to promote wildlife conservation and management and to preserve the future of hunting and fishing. Public hunting and fishing shall be a preferred means of managing and controlling wildlife. This section shall not be construed to modify any provision of law relating to trespass, property rights, or the regulation of commercial activities."

I encourage you to join with me in getting this amendment passed.

In the meantime, if you have any questions about issues like this or others affecting the state, please don't hesitate to contact me.

My address is Room 332B, Capitol Annex, 702 Capitol Avenue, Frankfort, KY 40601. You can also leave a message for me or for any legislator at 800-372-7181. For the deaf or hard of hearing, the number is 800-896-0305.

I hope to hear from you soon.

The power of just one single vote is very powerful

Dear Editor,

The power of just one single vote has often been shown throughout history. The course of nations has been changed because one important vote was cast or not cast. The following are some examples of the importance of one single vote:

- In 1645, One vote gave Oliver Cromwell control of England.
- In 1649, One vote caused Charles I of England to be executed.
- In 1776, Congress passed by one vote that American's official language should be English and not German.
- In 1800, Thomas Jefferson and Aaron Burr deadlocked on electoral votes with 73 each. After 37 separate ballots in the House of Representatives, a Federalist changed his one vote in favor of Thomas Jefferson.
- In 1839, One vote margin elected Marcus Morton governor of Massachusetts.
- In 1845, One vote margin brought Texas into the Union.
- In 1846, President James Polk asked Congress for a Declaration of War against Mexico. That one vote margin for War not only brought us victory but it also got us the territory which is now Arizona, New Mexico, Nevada, Utah and California.
- In 1850 to 1890, One vote admitted California, Oregon, Washington and Idaho into the Union.
- In 1868, President Andrew Johnson missed being impeached by one single vote.
- In 1875 France became a Republic instead of a Monarchy by just one single vote.
- In 1876, Samuel Tilden won the presidential election by over a half million votes over Rutherford B. Hayes. But because of confused returns in some states, a special commission decided by a single vote, Hayes the winner.
- In 1912, Less than one vote per precinct, in one state, elected Woodrow Wilson president_ In 1923, One vote made Adolf Hitler head of the Nazi Party.
- In 1941, One vote saved the selective service just weeks before Pearl Harbor.
- In 1948, If Thomas Dewey had received one more vote in each precinct in Ohio and California, his race with Harry Truman would have been decided in the House of Representatives.
- In 1960, John Kennedy beat Richard Nixon for president by less than one vote per precinct.
- In 1969, A change of one vote per precinct in three states would have made Hubert Humphrey president instead of Richard Nixon.
- In 1982, In Illinois, Governor Thompson defeated Adlai Stevenson by less than 1/2 a vote per precinct.
- The George W. Bush victory over Al Gore in Florida was very slim which decided the presidency.

Remember, if all you do is vote, you are doing more than 50% of the American public. November 6 is the general election in Kentucky and your one vote can make a difference.

It has been stated, "that all tbat needs to happen for the forces of evil to win is for good people to do nothing."

Does your vote count....you bet your "free" life on it!

It's time to make decisions as election time draws nearer

Dear Editor,

Election time is getting closer and it is time to really think about who to vote for. I am supporting President Obama only as the lesser of two evils. I don't feel he has done anything good for our country in four years, but I also don't think he will do as much damage as his opponent will do. I did not feel either one of them had anything of value to say in the last debate, with one exception. When asked the "AK-47 question, President Obama pointed out that it is more important to go after the cause of the gun violence, than go after the guns. As for Governor Romney, when he started talking about his economic plan, and his ideas for manipulating the tax system to help our economy, it just sounded confusing. I understood what he was saying, I am just confused about how it will help. It won't!

As for more problems with Romney, I heard him say he will not raise taxes. While this is a statement that could get him elected, I just wonder if I should read his lips when he says that. { Reference: Former President George H Bush Campaign. (Older folks explain it to the younger ones.)} Mitt Romney has been heard saying that he is not worried about poor people because there are things in place to take care of them. I guess he must be talking about homeless shelters and soup kitchens that they have in the big cities. There is also the comment he made about 47% of Americans that he does not care about and will do nothing for. That leaves 53% that he may do something for.

Are you one of the 53%? How can you be sure? What if you think you are, and it turns out Mitt Romney doesn't? Do you want to take that chance? Finally on the 47% statement, I would like to point out that whoever is elected is the president of all Americans, not just his chosen few.

When either candidate talks about middle class Americans, they seem to usually use a dollar figure of around $200,000.00 to $250,000.00 a year. How far off from reality are these rich people? How many average working people do you know that make that much? I think all politicians need a reality check when it comes to money.

Remember to vote. Every vote counts. I just wish we could vote for the best candidate, instead of the lesser of two evils.

What Freedom Means To Me

By: Leah Moore
What does freedom mean to me?
You ask the question so leisurely.
Let me think……
where do I start?
To answer this question,
close to my heart.
Alarm clock rings at 6:00 a.m.,
By 8 o'clock I'm in school again,
Free to think, to learn, to know,
About things and places I'm
free to go.
11:30 a.m. and the lunch bell
alarm.
Bring safe, healthy food from
American farms.
Over lunch talk about whatever we
please,
And express ourselves; we're
free to speak.
Language, Arts, Social Studies, and
Math.
Dream of the future, learn from
the past'.
3:00 p.m. School is out
but I stay,
To be in a club of my choice,
if I may.
Evening comes, home safe
and sound,
I'm free to pray as I lay my
head down.
Set my alarm finish watching my
favorite show on TV,
Freedom happens every-day that I
can be me.

How Free Will You Be

By Holden Gray Wolfe
Freedom, it seems to me,
is anything but free.
For rare, important things,
a cost there must be.
Freedom is found in few places but
belongs to every man.
Freedom is in the soul and fabric
of this great land.
Free to think, free to do,
free to gain and lose.
Free to speak, free to own,
for freedom we do choose.
It's in our Constitution
but handed down from God.
Guaranteed to every man, no matter how he's flawed.
Freedom is American.
As American can be.
We sing it in those thoughtful
words, "from sea to shining sea."
Freedom must be protected and
for it, wars are fought.
Many lives have been given, for
this freedom sought.
Free to vote, free to worship, to
assemble and to pray.
But freedom must be protected,
for it's challenged every day.
What will you give? What will
you do? What price are you willing to pay?
This question comes to every man,
if free he wants to stay.
Many have laid down there lives in
the hopes to be free.
The question you must ask yourself, is how free will you be!

himself in later years. He was very committed to whatever he took on including his church. I remember seeing him standing out in front of the church every Sunday waving for others to come on in," said Don Wells.

State Representative Tom McKee was present and said a few words about Hammond. "When I think of Ray I think of the best friend you could have. He invited me to this Post for special occasions and made me feel as one of the members. We'll miss Ray, I will miss him, but we are here today to honor him with this beautiful bench."

Veteran Greg Tutt played several melodies on his ----. It was very emotional and caused tears to come to so many eyes and a big lump in their throats as they listened to the music.

Bro. Daryl Breeden, Ray's pastor spoke about his friend too. "Ray passed away on September 29, 2011 at home with his family. He loved his country, his family and his grandchildren. Ray was a man with many different edges," he said. "He guarded his family and his friends. Ray also stood out in front of his church on Highway 17 welcoming folks each Sunday. He has left a mark on those that knew and loved him. He was just who he was and didn't try to convince you otherwise. My words in closing are, Well Done My Good and Faithful Servant."

The bag pipe music echoed in the air as Ray's wife, Judy and stepdaughter Taffy Esteep uncovered the beautiful granite bench. Lo, and behold there was Ray Hammond's smiling face looking at everyone.

His fellow veterans performed a 21-gun salute and taps was played by Tutt.

After the dedication everyone went inside the Hall for a meal and a time to remember and talk of their dear thoughts of Ray Hammond.

"Ray knew you where ever he saw you. I too remember seeing Ray outside the church waving people in," said Outlook Editor Debbie Dennie. "I also can close my eyes and see him scurrying around Wyatt's after church on Sunday. When he saw you he'd yell at you and come close to give you a hug and joke about some silly thing. If he had something to say he told you straight, that's how he was.

"The American Legion Hardin-Browning Post 109 can be proud of where they have come during his year's as commander and since. This Post was the only one around that was asked to go to veterans funerals from county to county to give them a full military honor, along with many other programs and things. He accepted his duty as commander and gave 110% to his post and members.

"In his personal life Ray also gave 110% to his family, friends, and his church. He will long be remembered by those who loved knew and loved him.

Unleashed Series: Chapter 8

I'd lost my breakfast over Red River Gorge, fallen off my horse in the Daniel Boone National Forest, and now I was 65 feet in the air with my nose stuck in a woodpecker hole.

Chloe was the first to notice. "Woody, look at this." When I didn't respond, Chloe looked at me.

"Are you OK, Woody?" Chloe asked.

Wag, wag.

"Are you stuck?"

Wag, wag.

"Should I get Mom and Dad?"

Wag, wag, wag.

"Wait here," Chloe said, then giggled, realizing how silly her comment was. Within minutes, Mom, Dad, Chloe and our trainer, Rex, surrounded me.

"Can you move, son?" Dad asked.

Wag, wag.

"Are you hurt, baby?" Mom asked in her soothing voice.

Wag, wag.

"I'll go get some equipment to get you out," Rex said and began to descend.

"Woody, you know how Mom and Dad tell us when we're in uncomfortable situations to think about pleasant things?" Chloe said. "Think about the adventures those brochures said were in Kentucky. Imagine looking down at the beautiful horse farms from a hot air balloon or a parachute."

Wag, wag, wag, wag, wag!

"I would love to spend every weekend canoeing or kayaking," Mom said. "We could go to Lake Barkley, Lake Cumberland, Nolin Lake, Dale Hollow or many other lakes."

Wag, wag, wag, wag!

"Speaking of water, I'd love to go sailing at Cave Run or Kentucky Lake," Chloe said. "Do you think we could sometime, Dad?"

"Absolutely," Dad said, "and even though I'm still walking bow-legged, I'd love to go horseback riding again."

Imagining us all walking bow-legged made me giggle. Everyone must have seen my body shaking because they giggled too. The tree started shaking. I hoped it wouldn't fall down.

"Rex is climbing back up with some equipment," Chloe said, cheering.

"Woody, stay real still and don't move," Rex instructed. I wagged my tail to let him know I understood. Then he spoke again. "I'm going to drill a larger hole. Don't move until I tell you."

The drill was loud, but so were woodpeckers. I thought the woodpecker was being disrespectful to the tree by drilling a hole, but then I realized the woodpecker was designed to drill a hole in the tree, and the tree was designed to handle a hole by the woodpecker. I was disrespectful to the tree by putting my nose in the hole, getting stuck and making Rex damage the tree. I needed to apologize to Rex, my family, the tree and the woodpecker. I'd messed up his hole.

The drill stopped, and everything got quiet.

"OK, pull that little snout of yours outta there," Rex said. I gently moved my nose, and it came out without a hitch.

"Tha – than – thank – aaachool!"

Everyone laughed. "I meant to say 'thank you' and 'I'm sorry,' but I sneezed instead. Thank you for getting me out of my mess, and I'm sorry for all the trouble I caused. I am sure I will have plenty of time to think about my mistake while I'm in the doghouse."

Dad smiled. "I'm sure there will be a punishment for acting without thinking first, but I have a feeling you won't be doing anything like that again." I thanked Dad and told him again how sorry I was. He listened, winked at me and said, "Let's make our descent, rest a while, eat some lunch and open the next card."

I realized how much respect I had for the birds, owls, squirrels and even cats. Being in the tree was wonderful, but moving around on the ground was easier. We ate a sandwich of tomatoes, cucumbers and cheese with a side of celery and kiwi. I didn't know if I was just famished or if I was getting used to our new eating habits, but it was delish. When we were finished, Chloe pulled out our next Rx card. She opened it, read it silently and cheered.

"What is it, sis?" I asked, curious about our next activity.

"It's a riddle," Chloe said before reading aloud.

"The moon is my father, the sea is my mother; I have a million brothers, I die when I reach land. "What am I?"

NJROTC competed in the second annual Brain Brawl

Members of the NJROTC Academic Team traveled to Scarlet Oaks High School north of Cincinnati for the second annual Brain Brawl on Saturday, October 20. A Brain Brawl is a purely academic competition among cadets given in a game format similar to TV game shows such as Jeopardy and College Bowl.

The eight competing schools each provided two four-person teams with each contestant having control of a buzzer. The Pendleton County cadets earned competition ribbons and medals, and although they did not make it to the finals, they enjoyed the camaraderie and the eye-opening educational experience.

Class of 2012-2013 senior council already hard at work

The Pendleton County Class of 2013 is already hard at work preparing for a very busy and memorable year. They would like to proudly announce the 2012-2013 Senior Council members.

Senior Council picks the class flower, motto, theme, and colors. Senior Council also plans senior trip, class night and graduation. We would like to have the most memorable graduation ever. This is why fundraising is so important and we ask for every kind of support and help we can get.

The senior class just finished magazine sales as their first fundraising project. Next they will start cookie dough sales. All seniors will have the opportunity to sell Otis Spunkmeyer cookie dough starting November 12 through November 26. Other fundraisers include bingo, a spaghetti dinner, and a quarter auction. A percentage of the sales from the cookie dough will go on the senior trip which will be to Washington D.C. and New York on March 31 through April 5 where all in attendance will visit historical sites and a Broadway Play. All other funds raised will go to pay for class night and graduation activities. Anyone interested in purchasing cookie dough can contact any 2013 senior, Mr. Terry Brown, or Mrs. Julie Hart at the high school. Thank you for your help and support!

This is another reminder to all seniors and their parents that senior apparel is now on sale. There are hoodies, sweat pants, short sleeve T-shirts, and long sleeve T-shirts. This will be the shirt graduates will wear in their Pendleton County Class of 2013 picture at the end of the year. The design was created by the senior council and chosen by the senior class. Harper named NKY Offensive Player of the Year

By: Sam McClanahan, Reporter

Although his Wildcat soccer playing days are now over, Aven Harper's place in the program's history will live on in the record books forever.

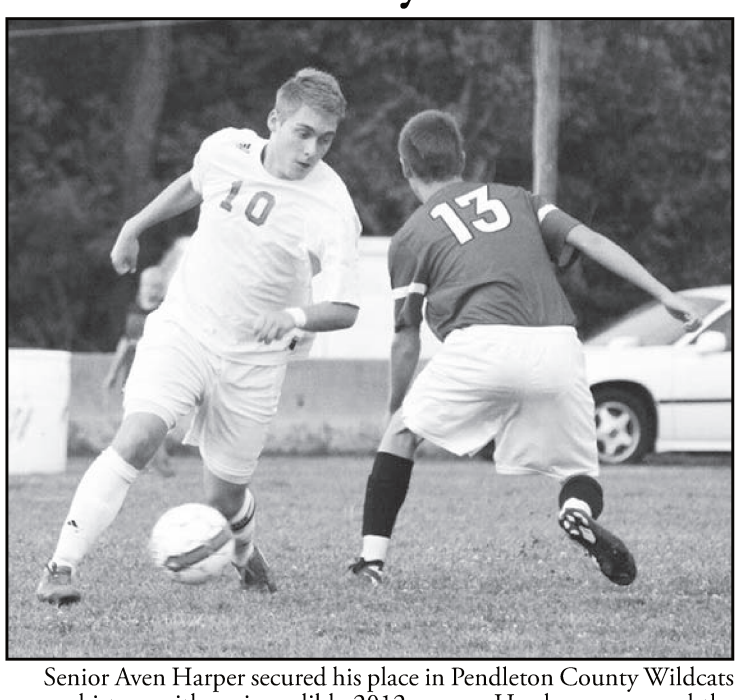

He was named the Northern Kentucky Offensive Player of the Year on October 19, becoming the first player in school history to receive the honor. The award culminated a senior season in which Harper totaled 44 goals (third best in the state) and 20 assists, both Pendleton County single-season records. He also ends his career as the most prolific scorer in school history with 83 goals, and as the program's all-time leader in assists with 53.

"Aven is the most-skilled soccer player I have ever coached," said Wildcats head coach Lisa Feltner. "He played each game with heart and determination. His foot skills, ball control, speed, decision making, the ability to recognize and seize the opportunity to make goal scoring opportunities make him one of the best players in the state."

Pendleton County athletic director, Keith Smith, witnessed many of the fine performances turned in by Harper throughout the course of the season.

"Aven is one of those once in a lifetime players. There are good players that go through a school, there are great players that go through a school and then there are once in a lifetime players that are a blessing for the school, program and team. In my first year as AD, it was a joy to watch him play and appreciate the artistery that he brought to the game," said Smith.

Harper's dedication and strong work ethic on the field is also duplicated in the classroom. He carries a 4.0 GPA and ranks first among his graduating class of 178. He plans to pursue college in Europe following graduation.

Senior Aven Harper secured his place in Pendleton County Wildcats soccer history with an incredible 2012 season. He also was named the Northern Kentucky Offensive Player of the Year.

Wildcats defeat Bracken County on Senior Night 26-14

By Bruce Reller, Jr., Reporter

The Pendleton County Wildcats football team ended their season on a high note. The Wildcats scored three touchdowns on Senior Night and defeated Bracken County 26-14 last Friday, October 26.

"I was proud of the way our defense played tonight," PC head coach Terry Brown said, "They came up with some real big defensive stops on fourth down, especially the goal-line stand in the first half. Our defensive line controlled the line of scrimmage most of the night."

The Polar Bears scored early on a safety, but Pendleton County answered with a touchdown in the second quarter. On a third down play, quarterback Adam Koeninger ran past the Bracken County defense for an 88-yard touchdown run.

The Wildcats led 7-2 at halftime and added to the lead with a field goal by senior Aven Harper in the third quarter to go up 10-2. The Polar Bears scored a touchdown late in the third quarter to make it a game.

However, Pendleton County would score two more touchdowns in the second half to take control of the game and winning the game by 12 points. The Wildcats finished the season with a 2-8 record.

"Being able to win the last game will give our underclassmen a good spring board for our off-season program," Brown explained. "We will take a few weeks off and look to get back into our OTA's in early December. We definitely need to get stronger and gain speed this off-season."

For Bracken County (5-5), Logan Houston was 11 for 21 passing for 213 yards and one touchdown. Also, Jacob Houston caught 2 passes for 110 yards and one touchdown.

The Wildcats honored their senior football players, managers, and cheerleaders before the game. It was a good tribute, and the game ended up in a very positive result.

"It was a good way to send our seniors off. It was a pleasure to coach this group of seniors," Brown said. "They worked hard and set the foundation for our program for years to come. They showed these younger players how to come to work every day. I am going to hate to see them move on."

Brown wants to wish good luck to the 5th and 6th grade football program, because they are playing in the championship this weekend. They defeated Grant County this past weekend and they will play Walton-Verona in the finals.

"Great job to Coach Knox and his staff on a job well done," he said. "Mark Beck has done a tremendous job in his first year as youth director for our football program."

Pendleton U10 soccer team headed to state tournament

By Kelley Carlisle

Not many teams get to experience a perfect season, but a group of local 8-10 year girls just completed one! This was the first year for this team to play in the U-10 division, which is an age league above for 90% of the girls on the team. They have played teams from Villa Madonna, Alexandria, Ft Mitchell, Independence and Taylor Mill. They played older, bigger teams with mostly 10 year olds, but proved each time to be faster and more determined, ending the season 8-0. The kids work very hard practicing every week to get better at their skills. This is the 3rd year together for most of them and they have learned the value of playing as a team. They pass well, talk to each other during play, and celebrate defensive plays as well as goals. The girls are coached by Todd Brinkdoepke and Tammy Hughes. "These girls are special because they want to work hard and they show up each day wanting to get better. Their drive is amazing" says coach Todd. Based on that and their success the last few seasons, the coaches and parents are very excited about the future of this young team.

The girls travel this weekend to Elizabethtown, Kentucky to play in the Commonwealth Cup State Tournament.

Sharp Middle School finish runners-up at Invitational

The Sharp Middle School Cross Country team competed in the Harrison County Invitational on October 18. Many of the team members received individual medals for their excellent performance. The team also earned first runner up honors. Pictured from left are Madison Meyer, Ameilia Franxman and Brooklyn McKinney displaying their medals and team award.

Ladycats volleyball team bows out in regional play

"We had a GREAT season this year. This is the best record that PCHS Volleyball has ever had. The girls worked extremely hard to reach a goal of winning Districts and they accomplished it. This goal has never been obtained in PCHS Volleyball history." Coach Laura Buck summed up after the Ladycats season came to an end vs Montgomery County in the first round of the 10th Region Tournament at Bracken County.

While the 3-1 loss, (25-19) (25-27) (19-25) (15-25), was a bitter pill to swallow, the Ladycats certainly had the best year in program history and set a new standard for future teams to strive. This Cats team was led by a core of five seniors, Brianna Crouch, Patricia Harrison, Mackenzie Horn, Jennifer Owen, and Sarah Schlueter.

Something not lost on Coach Buck, "Losing our five seniors, will have a great impact on our team. They have led this team through great triumphs this year and have set a goal that future teams will hope to accomplish."

The Ladycats started strong with a 25-19 showing in the opening game. Serves were falling, Montgomery County's big hitters were being controlled and the Cats seemed to be on the way to a semi-final berth.

But a pivotal 2nd game, which the Ladycats lost 25-27, saw the momentum switch to the Lady Indians side of the net and the Cats never could get the sustained runs together to grab that mo back to them. The Lady Indians in turn kept PC off balance with dinks that went over the outstretched arms of the Cat's blockers but fell short of the backline. A change from their first game strategy where they were firing spikes into the Ladycats blockers and finding no success.

Stats for the game were Sarah Schlueter nine kills, Bailey Boden five kills, four aces, Brianna Crouch four aces, 17 assists, 10 digs and Destiny Shackelford nine digs.

Ladycats soccer season comes to an end in regionals

The Ladycats were defeated by a score of 1-3 and were district runner-up of the 38th district.

They went on to play in their first regional game since 2008. It was a new experience for everyone on the team. They played Montgomery county. The Ladycats took the pitch and did not look back. The Ladycats would win the game 4-2 in a regional game. Goals by: Madison Wirth, Kaitlyn Meadows, McKayla Manor and Erin Fitzpatrick. The girls would face Bishop Brossart on Wednesday in regionals but they lost 0-7. Bishop Brossart did go on and win the region.

This was a great season for the Ladycats. The accomplished a lot of goals they set as a team. They had two girls named to all-tournament team: Katie Gaskins and Erin Fitzpatrick. Katie has got to be one of the most physical goalies, she is outstanding in the goal game after game. She was instrumental in keeping us within reach game after game. Erin Fitzpatrick is one of the fastest and most footskilled player. She can play any position and see the field of play and is always looking for a play.

The Ladycats had two girls named to all regional teams: Erin Fitzpatrick was named to 1st team region and Madison Wirth was named to the 3rd team region. They worked hard and hard work pays off.

Pendleton County girls came in sixth in the region and second in the district. The girls final record was 9-13-1. They scored 60 goals in the season and gave up 78. This has been a great season for Pendleton girls.

Power House Youth Football play for championship

They Did It! The Pendleton Youth Football Power House avenged two regular season losses, as they triumphed over the Grant County Blue squad yesterday 14-12.

The Cats came out hot, led the whole game, with tension high among parents and fans on both sides, the Cats blocked a last second PAT kick to preserve the victory.

It was a beautiful example of how a team sport must be played as a team with ALL members making a difference in practice and in the game.

Sunday, November 4 the Wildcats will travel to Gallatin County to play the Walton Verona Bearcats at 4:30.

Football Youth Director Mark Beck wants PC's support to create a great environment for the Cats. "Gallatin is a small complex where fans sit extremely close to the field. Our players and coaches WILL feel your presence. Come down and help us bring home the btrophy."

He continued with specific instructions for the Mighty Pro and Midget teams. "It would mean a lot to the kids if as many parents, coaches, and players from the Midget and Mighty Pro teams made the trip. Players wear your game jerseys, coaches wear your coaches shirts, and parents get out and wear all the PC bling you own."

FALMOUTH METHODIST

Parenting is a tough job; it's an enormous responsibility, one for which you're never fully prepared.

How can parents shape their children as they grow without turning them off? A positive attitude is a good first step. Children whose parents encourage them often grow up believing they can accomplish great things.

On the other hand, children whose parents express low expectations often perform far below their potential. It may seem like a small thing, but constantly telling your children how good you think they are may actually inspire them to do good things.

God created the world with a word; He spoke it into existence. And you may be able to create the kind of children you want by using the right, positive, and encouraging words.

FIRST BAPTIST

Blessings! Adam Crozier blessed us with special music on this beautiful Sunday, October 21.

Bro. Harry's message was taken from I Peter. Christians are to be joyful through life's ups and downs. When this life is over and Jesus appears in glory, two things are going to happen. His glory will be reflected in the mirror of our faith. His glory will shine in our faith, hope and joy. We have joy knowing there will be no more pain, sorrow or sickness, when our time is over. God exalts all that exalt Him. He will give you praise, honor and glory to our faith. He will say, "Well done good and faithful servent."

At the close of our service, Brad Mayes came forward requesting membership with our church. Welcome and God Bless, Brad.

"If you don't know your Bible, you haven't got a prayer!"

FALMOUTH WESLEYAN

In 1974 the administration of President Richard Nixon enacted the National Maximum Speed Law that prohibited speed limits higher than 55 miles per hour. This was an essential step to take for the safety of our roadways. However, did you know safety wasn't the reason for the National Maximum Speed Law?

During the Nixon administration there was a large concern for the supply of oil. Therefore, the speed limit was established to lower the consumption of gasoline.

We look at this law (which was disregarded in order to give authority to each individual state pertaining to what their speed limit should be), and we naturally think it was established for safety reasons. We all know people who lost their lives in automobile accidents and we all wish traveling on highways could be safer. Sometimes we look at other people with the same mistake that was just exemplified as we guessed for the reason of the establishment for the previously mentioned law. We assume one thing, when it is actually something else.

What if the person who seems to be very grumpy today is doing so because they discovered a close friend is approaching death? The person who is doing something you don't like; what are their intentions? Jesus Christ said to love our enemies, and pray for those who persecute you. Could it be that they aren't our enemies, but we are looking at things the wrong way? We didn't know why the first speed limit was established, and we do not know why people react the way they do.

Let us love one another and not judge. Let us be Christlike!

It's Texas Orange and Ruby Red Grapefruit time: If you wish to place an order please call Norma McDowell at 654-3716 or Joyce Schlueter at 654-8071.

GLENWOOD BAPTIST

As the election draws near, the economy continues to be the number one priority. What's God's first priority? When Christians vote what should their priority be? The answer is simple. Our priority should always be to stand where God stands. Scripture is clear, God wants all men to be saved, then to follow His word. God's chief concern is human life. He wrote, "Thou shalt not kill." Simply stated it means it is a violation of God's law to deliberately take a human life! Also, it's perfectly clear that marriage was instituted by God and is clearly defined as the union of one man and one woman. So, before a Christian votes, he should understand that God's words are more important than parties, politics, or politicians. God's moral law cannot be broken without serious consequences. Your ballot may be secret, but not to He who will be your final judge?

HARVEST

Faith is knowing that our Lord Jesus Christ is coming back to earth one day. This is a glad hope, the very best we could look forward to. Those who love Christ are looking forward to that wonderful time of His return. Do you share in the eager anticipation? (I Corinthians 16:13-24)

Twenty youth and adults enjoyed a fun filled day of paint ball at the Fields family farm on October 20. Bro. Damian and the youth are planning other exciting activities throughout the remainder of the year. Youth group meets at the church at 6 p.m. on Sunday evenings. All youth are invited.

Thank you to everyone who participated in the trash pick-up last Saturday, October 20. We will continue with roadside clean-up this Saturday, October 27. We will gather at the church at 9 a.m. to work on the rest of 330 to Falmouth. What a blessing to share in the care of God's beautiful earth! The colors and splendor of the season are breathtaking, and give us a glimpse of God's design among us.

We celebrated the installation of Pastor Charla on October 23 with a message from our Regional Minister Greg Alexander, special music from brothers Adrian and Chris, and some wonderful food and fellowship. Thank you to everyone who participated and made that service a very special one.

The first Sunday of November, we will celebrate All Saints' Day. All Saints' Day takes time during our worship to thank God for those saints in the church who have recently gone home to God, and to give thanks for all those who have kept the faith throughout history, so that we may have the Word of God and the Christian community today.

MT. CARMEL

Remember fall leaves but Jesus doesn't. October is Pastor Appreciation Month!

There is only two weeks left for the Shoebox Ministry. The WMU will be collecting shoe boxes until November 4 for the Samaritan's Purse Ministry. If you would like to help there is empty shoeboxes in the old sanctuary or if you don't want to fill a box, donations or money can be given to any of the WMU ladies.

We have started a new discipleship study on the subject of "HEAVEN." The classes meet every Sunday evening at 5:30 p.m. There are outlines available for note taking.

Kent Hughes said, "The cross is the ultimate evidence that there is no length the love of God will refuse to go in offering reconciliation." God be with you, in you, over you, around you, always for you.

NEW ZION

A very special thank you to everyone that helped with the Harvest Party and hayride! It was a huge success. The kids had an awesome time, there was one that did not want the horse ride to end, no way. Children are such a blessing! "Lo, children are an heritage of the Lord: and the fruit of the womb is his reward." Psalms 127:3

Please remember in prayer Tammy Stewart, Adam White, Mike Wagner, David Hale, Petey Williams, Jack Sizemore, Nancy West, Norma Devio, Judy and Terry Downard, Mick Casslucio, Cliff Peters, Mark Edwards, Logan Davidson, Gayle Blevins and all of our men and women in uniform. Also pray for our country and its leaders.

OAKLAND CHRISTIAN

God is good, isn't He? He allows us to have the capacity to forgive (even though it may be the hardest decision in our lives). For a Christian, forgiveness has no limits.

"Trunk or Treat" in Falmouth, is from 6-8 p.m., October 27, behind McDonald's.

We thank those who participated in our Youth Sunday recently.

Our "Walk Through Bethlehem" is coming November 24, 25, December 1 and 2.

Don't forget to set your clocks back one hour, November 3, before you go to bed.

Church Board meeting is November 6.

Remember in prayer the family of Michelle Caldwell, Juanita King, Shirley Merrill, Amanda Bruin, Don and Bev Bass, Kay Williams, Mayme Faulkner, Heather Rick, Adam White (six), Leslie Wolfe, Jr. (VA in Atlanta), Hazel Jacob, Megan Ramsey, Mary Doan, Hilda Angell, Margaret McCann, our shut-ins, Eudell Hall, college students, our nation, upcoming elections, our armed forces, cancer concerns, and our leaders.

SOUTHSIDE

We opened the morning service with the hymn, "We are so blessed" on October 21. Brother Clay Sullivan preached the sermon, "Casting the deciding vote" from I Timothy 2:1-8. There are four characteristics of a Christian voter: 1. Recognizes that God ordains leadership, 2. Gets involved, 3. Votes, 4. Keeps the real goal in focus.

The memory verse for this week is I Timothy 2:1, "I urge, then, first of all, that requests, prayers, intercession and thanksgiving be made for everyone."

Southside Church of Christ will be hosting a "Revival" at 7 p.m. on November 8-10, 2012. Speakers scheduled are Wayne Keith, Jesse Henderson and John Robinson. Mark your calendars, and plan to be there!

Please be in prayer for Gene Flaugher, Tina Arevalo and the family of Michelle Caldwell.

Come and worship with us this Sunday at 9 a.m. for Sunday school and 10 a.m. worship service. Have A Great Day!

TRINITY

Trinity always welcomes you. We were blessed last Sunday to have Steve Kellum as guest speaker while our pastor, Bro. Hefner was holding revival at Grassy Run Baptist this week. Thanks to Steve for being with us. We appreciated the special music sung by Billie Conrad.

As the holidays are fast approaching, we are getting prepared for the Community Thanksgiving Dinner, sign-up sheets are out. Our choir is practicing for Christmas. We are collecting all new items for another rummage sale on December 8 (all proceeds to the Kingdom Fund).

Our Youth are also on the move, getting things ready for the parade and keeping busy with many activities.

A thought to ponder: "Never let those who stole your yesterday rob your tomorrow. Let it go and move on…"

We are praying for our military, shut-ins, sick and bereaved. Be sure to count your blessings.

TURNER RIDGE

Our service started Sunday, October 21 with recognition of the September Youth incentive winners. These Youth had demonstrated leadership qualities through church attendance, Bible verse memorization and by inviting and bringing visitors - Preston Wright, Danielle Miller and Carson Gabbard.

Robert Harris blessed us with special music and Uncle Dale led the children's message, "Jesus is always with us." Brittany Baumgartner read scripture, James 4:6-8, and Bro. Dale's sermon, "Fellowship with God," I John 1:3-6 was insight into how amazing it was that God wanted fellowship with mankind.

The evening service was a time for the congregation to show appreciation for our pastor and his wife. October is pastor appreciation month and Turner Ridge is truly blessed to have Bro. Dale and Ann Beighle. They lead by example; pray, witness, serve. For this, we say, "Thank You!"

Rabbit care: transitioning from hot to cold weather

Rabbits require less labor than other livestock species, but it is important to remember that rabbits are just as susceptible to the dangers that come with freezing weather. To avoid dangers like frostbite, contamination from unclean cages and the loss of an animal's body heat, it is important to keep a close eye on your rabbit during the winter to ensure that your rabbit's health is not risked.

If your rabbit is housed outdoors in a hutch, check the location. If the hutch moved to an area of shade in the summer, the hutch should be relocated against a building for the winter. Placing the hutch against the building prevents the cold wind from the north from entering. Board up the sides of the hutch to make sure the least amount of cold air enters. The front side of the hutch should be covered just enough to give the rabbit enough fresh air, but also block off the freezing air and snow that will try to slip in the hutch.

Maintaining a clean hutch for the rabbit is essential year round. Check the drop pan in the hutch frequently to ensure waste doesn't freeze. The removal of frozen waste is much more difficult.

It is suggested that if you choose to move your rabbit indoors during the winter, make sure that the transition from the cold temperatures to the warmer temperatures is gradual. Rabbits do not tolerate extreme changes in temperatures well. If you choose to move the rabbit indoors, avoid placing the rabbit in locations that might harm its well-being. For example, moving your rabbit to a garage where there will be a lot of fumes is not recommended. The fumes could be harmful and potentially deadly to rabbits.

Just as rabbits need water in the summer to stay hydrated, it is important to make sure that an abundant supply of water is available in the winter as well. Cold weather will cause the rabbit's water to become frozen a lot more often. This will require you to frequently change the rabbit's water. Water bottles are convenient in the summer, but using a water bottle in the winter may not be the best idea. When the water in the bottle freezes, it will cause the water bottle to crack. To avoid this, use bowls and change the water frequently to keep a hydrated rabbit.

Feeding your rabbit can also help in creating the body warmth that your rabbit needs in the winter. Since body heat requires more calories, it is suggested that adding a little corn to your rabbit's diet will help create more body heat. To increase your rabbit's caloric intake, add a larger proportion to your rabbit's food bowl or some alfalfa hay for your rabbit to nibble on. It is important to remember that you want to increase the caloric intake without causing your rabbit to gain a lot of excess weight. Weight gain can lead to future health problems for your rabbit.

While many livestock animals fair the cold temperatures in the winter, it is important to remember that the proper care is essential for the health of your rabbit. Proper care and preparation for extreme temperature changes will help your rabbit transition from one season to the next. Turning Food Lovers into Champion Food Volunteers

Your friends at the University of Kentucky Cooperative Extension Service are excited to again offer a program for people who love to cook, love to learn and share recipes and want to give back to their community. Similar in organization and structure to the Extension Master Clothing Program and Extension Master Gardener Program, the new Extension Champion Food Volunteer Program allows people with an interest in cooking and nutrition to take their cooking expertise to a higher level, while developing new avenues for helping the community. The University of Kentucky Champion Food Volunteer Program provides a foundation of knowledge to volunteers in the subject areas of food safety, food science, research-based food resources, cooking methods and techniques.

Who can become a Champion Food Volunteer? Anyone with an interest in food preparation, food safety, or food science can apply for the Extension Champion Food Volunteer Program. If you want to improve skills and knowledge and you like to work with people, the Extension Champion Food Volunteer Program may be for you.

Program Requirements: The Champion Food Volunteer Program provides approximately 30 hours of training in food science, food preparation, and food safety. These classes are taught by county extension professionals and industry professionals. Class members complete certification as an Extension Champion Food Volunteer by contributing a minimum of 40 hours of approved volunteer service back to their community.

Volunteers must:

- Be available for at least 30 hours of training classes-from 9 a.m. to 3:30 p.m., Fridays
- Be able to complete approximately 10 hours of homework.
- Be committed to donating at least 40 hours of approved service back to their community.
- Have at least a high school diploma or the equivalent.
- Be able and willing to travel to a training site for all classes.
- Enjoy working with adults and/or youth and willing to share your love of food through various Extension Champion Food projects and events.
- Able and willing to travel throughout the Northern Kentucky Area to earn payback hours.

Application forms are available by calling the Pendleton County Extension Office at 859-654-3395. The cost for this program is $60.00, which includes notebook and supplies. Trainings will be held on Fridays, February 22, March 1, 8, 15, and 22 (snow date is March 29) 2013 at the Gallatin County Extension Office, 395 U.S. 42 West, Warsaw.

Kentucky fruit and vegetable myths

There are many myths and old wives tales concerning fruit and vegetable crops that have become part of Kentucky lore. Several myths that still exist today involve grape coloration and fall frosts.

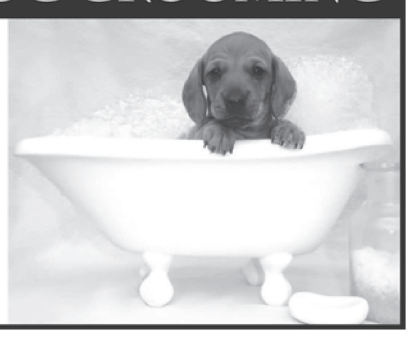

A number of grape growers believe that it is necessary to pick the leaves off the vine to expose the grape clusters to the sun so the grapes will color. This myth probably originated from growers removing leaves to improve air-circulation and reduce fruit rot. The truth is grapes—with the exception of the seedless Reliance variety—do not need sunlight to color. In fact, the fruit will color just fine when covered. Home grape growers can staple a bag over each cluster which keeps off birds, insects and diseases and reduces their spray program.

Frost has a tendency to concern many producers. Some people believe greens become poisonous after a frost. Greens like mustard, kale and collards actually develop a more enhanced flavor after a frost. Cool temperatures slow the internal respiration of the greens, allowing more sugars to accumulate, making them slightly sweeter. One exception, however, is rhubarb, which becomes toxic after exposure to a hard freeze.

Myths involving frosted sweet potato roots also exist. Many producers believe that sweet potato roots become poisonous after a frost, but they actually just rot. Sweet potatoes are warm season crops and will not tolerate a vine-killing frost. Producers should worry about frost injuring the sweet potatoes where they attach to the vine. This injury prevents healing after the sweet potato is harvested leading to decay in storage.

By: Lovina Eicher

Today is October 18, daughter Elizabeth's friend Timothy's birthday. So birthday greetings go out to him.

For this week's column I am going to do a daily diary of yesterday:

3:15 a.m. I get out of bed and pack Joe's lunch and fill his water jug with ice and water while he gets ready for work.

3:55 a.m. Joe leaves for work. I go back to bed for about 45 minutes.

4:45 a.m. I get up again. Daughter Elizabeth, 18, is awake and getting her lunch packed for work. She eats a little something for breakfast.

5:15 a.m. Elizabeth leaves for her job at the factory. I read until it is time to get the children up. It doesn't work so well and I doze off.

6 a.m. I wake up and then wake the children up to get ready for school. They ask if I will make them coffee soup for their breakfast. This year the school serves free breakfast to all the students when they get there. I think the children are hungrier after they have been up awhile so some of them eat breakfast at school.

7 a.m. The bus comes and the children leave for school.

7:10 a.m. Loretta's handicapped bus comes to pick her up so I take her out to the bus. Steps are a little hard for her still with the heavy air casts on her feet. She takes her wheelchair to school in case she gets too tired walking through the day. We did get her fitting for her AFO braces and those should be ready in two weeks.

8 a.m. After eating some breakfast, Susan and I fold the laundry that finished drying in the house overnight. We wash dishes and sweep the floors. Susan goes out to the do the morning chores and I add coal to the stove in the basement. Joe started the stove Saturday evening and it felt good to have heat the first couple of days. The temperatures have warmed up into the 60s allowing us to open some windows.

12:45 p.m. After a light lunch of sandwiches Susan and I head to the basement to start cleaning it. Things have accumulated down there again so we have a lot of sorting to do.

2:15 p.m. Loretta comes home with the handicapped bus . Joe is also home from work already.

3:30 p.m. The children are home from school and Elizabeth is home from the factory. We were glad to see son Benjamin getting off the bus again after not seeing him since Sunday evening. He went home Sunday with Elizabeth's friend Timothy. He went to and from school from Timothy's house for those three days. He was helping him with some small jobs around his place at night and also went bow hunting for deer. He was very excited about being able to stay there and sounds like he had an enjoyable time there. It seemed really empty around here with one missing and I was glad to see him come home again. The rest pitched in to help us finish cleaning the basement and we had quite some excitement. The girls and I were sorting some stuff on the floor when a mouse jumped out of a bag. We have never had a mouse in this new house so we were surprised. We all grabbed something close for protection, some had baseball bats, some had brooms, and some had the stove poker. The chase began but the mouse outsmarted us all and crawled out a small hole by the walk out doors. We were glad to see where it came in from and Joe filled the hole now. Now we hope that there are not any more down there but every body keeps on the look out. I imagine we all looked pretty funny running after the mouse.

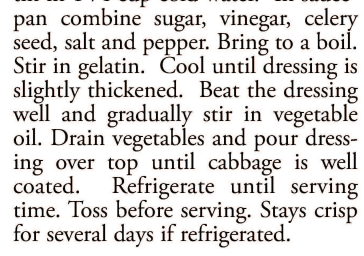

6:30 We had a quick supper of hamburger sandwiches

8:30 Everyone is cleaned up and getting ready to call it a day.

WHEN YOU HAVE A CHRONIC ILLNESS, THERE'S NO SUCH THING AS A DUMB QUESTION.

Coping with a chronic illness can be, at times, overwhelming. So it's easy to overlook one of the simplest—and smartest—things you can do to help yourself. Ask questions.

Ask your doctors, your nurses, and therapists. Ask about your symptoms, your diet, and your treatments. Ask why you're taking your medicines and how they work.

Asking questions helps you gain information and become more involved with your own health care treatment. Questions help your providers understand your concerns, and help them do their best to help you. So write down your questions in advance. Then write down their answers.

The important thing is to ask until you understand. Remember, everyone on your health care team works for you. It's their job to answer your questions. And your right to ask.

It's your health.
You call the shots.

CARD OF THANKS

Wright Thanks

The family of Erma Fern Dawson Wright would like to express their sincere appreciation to everyone who came to visit in the final weeks of her life. She truly enjoyed getting to visit with all of those who came to see her both during her hospital visits and at home. Many cards, phone calls, food and prayers were sent the families way after her passing which was greatly appreciated. We would also like to thank the representatives from Hospice of Hope for their assistance and compassion in the last week of her life. Special thank you goes to the personnel of People's Funeral Home for their help and compassion and to the Second Twelve Mile Church's WMU for the delicious meal they prepared for the family after the funeral. Fern Wright will be greatly missed by her family and friends. Thank you - Mary Wright, daughter of the late Erma Fern Wright 37-1t-np

Wiggins Thanks

The family of Anna Frances Wiggins would like to thank each and everyone for all their support, love and sympathy. When we lose a loved one it is very difficult and we are thankful to have such people in our lives, those who were there for my mom during the end, when we needed them the most, and neighbors and friends who brought food and beautiful flowers that were sent. It meant a lot to the family. God bless each and every one of you. For my mama, I will always love you Mom. - Lisa Price and family. 37-1t-pd

ORDINANCE NO. 54.01

AN ORDINANCE OF THE CITY OF FALMOUTH, KENTUCKY APPROVING A LEASE WITH FIFTH THIRD BANK FOR THE FINANCING OF PUBLIC PROJECTS IN A MAXIMUM PRINCIPAL AMOUNT NOT TO EXCEED $277,000; PROVIDING FOR THE PAYMENT AND SECURITY OF THE LEASE AND DEPOSITS TO A SINKING FUND AS SECURITY FOR THE LEASE; AUTHORIZING THE EXECUTION OF VARIOUS DOCUMENTS RELATED TO SUCH LEASE; AND MAKING CERTAIN DESIGNATIONS REGARDING SUCH LEASE.

WHEREAS, the City of Falmouth, Kentucky (the "City"), a municipal corporation of the Commonwealth of Kentucky (the "Commonwealth") of the fourth Class, and a political subdivision of the Commonwealth within the provisions of the Internal Revenue Code, has heretofore determined, and does hereby confirm that it is in the best interests of the City to undertake the acquisition of real property located on U.S. Highway 27 in Falmouth (the "Project"); and

WHEREAS, the City Council has previously determined, and hereby further determines, that the City is in need of the Project, which has been and will continue to be used for public purposes; and

WHEREAS, the City desires to finance the Project through a Lease Agreement (the "Lease") with Fifth Third Bank (the "Lessor") in a maximum principal amount not to exceed $277,000, pursuant to Section 65.940 et. seq. of the Kentucky Revised Statutes (the "Act").

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF FALMOUTH, KENTUCKY, AS FOLLOWS:

Section 1. Recitals and Authorization. The City, as lessee, hereby approves the Lease Agreement (the "Lease"), in substantially the form presented to this City Council (the "Governing Body"). The recitals to this Ordinance are incorporated herein as if set forth in this Section in their entirety and are hereby found and determined to be true and correct. It is hereby found and determined that the Project identified in the Lease is public property to be used for public purposes. It is further determined that it is necessary and desirable and in the best interests of the City to enter into the Lease for the purposes therein specified, and the execution and delivery of the Lease and all representations, certifications and other matters contained in the Closing Memorandum with respect to the Lease, or as may be required by Peck, Shaffer & Williams LLP, as Bond Counsel, prior to delivery of the Lease, are hereby approved, ratified and confirmed. The Mayor and City Clerk of the City are hereby authorized to execute the Lease, together with such other agreements or certifications which may be necessary to accomplish the transaction contemplated by the Lease.

Section 2. General Obligation Pledge. Pursuant to the Constitution of the Commonwealth and Chapter 66 of the Kentucky Revised Statutes, as amended (the "General Obligation Statutes"), the obligation of the City created by the Lease shall be a full general obligation of the City and, for the payment of the Lease Payments, the full faith, credit and revenue of the City are hereby pledged for the prompt payment thereof During the period the Lease is outstanding, there shall be and there hereby is levied on all the taxable property in the City, in addition to all other taxes, without limitation as to rate, a direct tax annually in an amount sufficient to pay the Lease Payments on the Lease when and as due, it being hereby found and determined that current tax rates are within all applicable limitations. Said tax shall be and is hereby ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers in the same manner and at the same time that taxes for general purposes for each of said years are certified, extended and collected. Said tax shall be placed before and in preference to all other items and for the full amount thereof provided, however, that in each year to the extent that the other taxes or revenues of the City are available for the payment of the Lease Payments and are appropriated for such purpose, the amount of such direct tax upon all of the taxable property in the City shall be reduced by the amount of such other taxes or revenues so available and appropriated.

There is hereby established, or it is acknowledged that there has heretofore been established, with the Lessee a sinking fund (the "Sinking Fund"), which is hereby ordered to be continued and maintained as long as the Lease shall remain outstanding. The funds derived from said tax levy hereby required or other lawfully available funds shall be placed in the Sinking Fund and, together with interest collected on the same, are irrevocably pledged for the payment of all obligations issued under the Act and all Tax Supported Leases, as defined in the Act, including the Lease herein authorized, when and as the same fall due. Amounts shall be transferred from the Sinking Fund to the Lessor at the times and in the amounts required by the Lease.

Section 3. Expectation Regarding the Lease. The City, by the adoption of this Ordinance, certifies that it does not reasonably anticipate that less than 95% of the proceeds of the Lease will be used for "local government activities" of the City or that the aggregate face amount of all tax-exempt obligations issued by the City (including all subordinate entities of the City) during calendar year 2012 will exceed $5,000,000.

Section 4. Designation of the Lease as Qualified Tax-Exempt Obligation. Pursuant to Section 265(b)(3) of the Internal Revenue Code of 1986 (the "Code"), the City hereby specifically designates the Lease as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Code. In compliance with Section 265(b)(3) of the Code, the City hereby represents that the City will not designate more than $10,000,000 of "qualified tax-exempt obligations" issued by the City in the calendar year 2012 as such "qualified tax-exempt obligations."

Section 5. Issuance Limitation. In compliance with the requirements of Section 265(b)(3) of the Code, the City hereby represents that the City (including all "subordinate entities" of the City within the meaning of Section 265(b)(3) of the Code) reasonably anticipates that it will not issue in the calendar year 2012, "qualified tax-exempt obligations", in an amount greater than $10,000,000.

Section 6. Severability. If any section, paragraph or provision of this Ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this Ordinance.

Section 7. Open Meetings Laws. This Governing Body hereby finds and determines that all formal actions relative to the adoption of this Ordinance were taken in an open meeting of this Governing Body, and that all deliberations of this Governing Body and of its committees, if any, which resulted in formal action, were in meetings open to the public, in full compliance with applicable legal requirements.

Section 8. Conflicts. All ordinances, resolutions, orders or parts thereof in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed and the provisions of this Ordinance shall prevail and be given effect.

Section 9. Effective Date and Summary. This Ordinance shall take effect from and after its passage and the publication of the Summary attached as Exhibit A hereto, which is hereby approved and ordered to be published, as provided by law.

INTRODUCED, SECONDED AND ADOPTED, at a duly convened meeting of the Governing Body, held on October 16, 2012, after first reading held on October 3, 2012, signed by the Mayor of the Lessee, attested by the City Clerk, ordered published in summary form and filed and indexed as provided by law.

Henry receives Kentucky Governor's Ambassador Award

Mrs. Rebecca Henry, police telecommunicator, a nine-year civilian employee assigned to the Dry Ridge Post 6 was named the 2012 recipient of the Kentucky Governor's Ambassador Award for Courage. "Rebecca stands ready, on or off duty, to provide emergency assistance to citizens and visitors of the commonwealth," said Captain Greg Crocket, commander of Post 6. After witnessing an automobile accident near her home in April, Rebecca called 911 and assisted in stabilizing the severely wounded driver until medical crews arrived. In 2005, Rebecca also helped a gentleman who was suffering from a diabetic attack. In both cases, responders credit her with helping to save the victims' lives.

The Kentucky Governor's Ambassador Award is an opportunity to highlight stories of employees who have significantly and positively impacted the lives of their co-workers, customers, and community in the areas of customer service, courage, leadership, professional achievement, teamwork, or community service and volunteerism. Nominations may be made by an employee or private citizen.

Each recipient of the Governor's Ambassador Award will receive special recognition by having an engraved, personalized brick placed outside the Thomas D. Clark Center for Kentucky History.

The black cat

There once was a mean cat
and it hated Mr. Rat.
The mean old cat
turned into a vampire bat.
It was black
and it lived in a haunted shack.
It had a back-pack
that will eat your back.
